CONSENT and RELEASE AGREEMENT

This form is designed to give you the information needed to make an informed decision of whether or not to undergo the 3D Feather Brow Service, also known as Microblading or semi-permanent makeup. If you have any questions please don't hesitate to ask.

Although the service is effective in most cases, no guarantee can be made that a specific client will benefit from the service, or that you may or may not need several touch ups beyond your first session.

This is the process of inserting pigment into the basal layer of the epidermis.

All instruments that enter the skin or come into contact with the body fluids are disposable and disposed of after each use. Cross contamination guidelines are strictly adhered to according to Virginia State Board of Cosmetology & Barbers.

In most cases the results are beautiful. **However, a perfect result is not realistic and should not be expected.** It is strongly advised to return for the Perfecting Appointment after healing has taken place. Generally within 30-45 days. **ANY MINOR TOUCH UPS AFTER YOUR PERFECTING APPOINTMENT WILL BE DONE WITH A FEE.** Please see website for details.

Initially, the color will appear more vibrant and darker compared to the end healed results. Usually within 5-7 days the color will fade anywhere from 40-50%, soften and look more natural. The pigment is semi-permanent and will fade over time. Additionally touch-ups are recommended to maintain your eyebrows within 6 months to 18 months.

I HAVE READ AND CONSENT TO HAVE A LICENSED ESTHETICIAN PERFORM THE MICROBLADING SERVICE.

I ALSO HOLD THE ESTHETICIAN HARMLESS SHOULD RESULTS NOT BE PERFECT DUE TO CIRCUMSTANCES BEYOND HER OR MY CONTROL. I ALSO AGREE TO PERFORM THE PROPER AFTERCARE AS INSTRUCTED BY THE ESTHETICIAN.
